

September 2022, Press Release 4

## Career Guidance in Blue Economy Transnational Project Meeting 4

On Friday, 2nd of September 2022, [TEAM4Excellence](#) organized in Agigea, Romania the fourth transnational meeting within the Erasmus+ Strategic Partnership “Career Guidance in Blue Economy”.

The event was attended by delegates from [Osmaniye İl Milli Eğitim Müdürlüğü](#) (Turkey) and [Sea Teach](#) (Spain) along with the host of the event [TEAM4Excellence](#) (Romania).

The [BeBlue Project](#) is a response to the lack of transparency of skills and qualifications, which is responsible for inefficiencies in the blue economy labour market. On top of that, the low labour mobility of “blue professionals” is also a problem that workers from Europe have to face. Interviews with blue stakeholders led to the conclusion that increasing the transparency of skills needed in the related fields would be suitable, achievable and feasible for improving the labour market inefficiencies.

The partners set the final dates for the Blue Career Path Platform piloting, a tool through which we centralized information about 100 blue careers. This [Career Map](#) will be tested and reviewed by 15 VET organizations. After that, partners established quality criteria both for the Online Training Course in Blue Economy and the Blue Career eMentoring Programme.

The Online Training Course Career Guidance in Blue Economy is already available on our platform in [English](#), [Romanian](#), [Spanish](#) and [Turkish](#). It contains valuable information about each sector of the Blue Economy, where learners can find out which job offers match their qualifications and interests.

“Career Guidance in Blue Economy”  
ID 2020-1-RO01-KA202-080397  
<https://trainingclub.eu/beblue/>

Co-funded by the  
Erasmus+ Programme  
of the European Union

The eMentoring Programme aims to connect a mentor, who may be an industry professional or a teacher, with a mentee, someone interested in Blue Economy who wants personal guidance and expert career advice.

At the end of the meeting, the partners set the final deadlines for the dissemination and implementation strategy for the following project results.

Follow the project page <https://trainingclub.eu/beblue/> to be updated with the latest news on the stages, progress and activities of the BeBlue Project.

The activity is part of the implementation plan of the project “Career Guidance in Blue Economy”, co-funded by the European Commission under Grant Agreement ID 2020-1-RO01-KA202-080397
