

July 2022, Press release

Course modules for educators, facilitators and volunteers to support SENIOR learners

Multiplier event in Italy

Within the Erasmus+ project [“Supporting Elderly Needs Is Our Responsibility”](#), Petit Pas organized a multiplier event on the 2nd of July 2022, and took place in Auser Insieme Trani association’s facilities. The main aim of the event has been sharing the project results that are available and ready to be freely used by adult educators and other stakeholders in the field of adults, increasing the awareness of adult educators, facilitators and their organization about the e-learning tool developed to support senior learners. 20 participants, representatives of 4 different organizations, attended the event between educators, facilitators and volunteers who support seniors, seniors, NGOs, and organizations.

The project results of the Erasmus+ project [Supporting Elderly Needs Is Our Responsibility](#) (SENIOR) have been developed with the other partners:

- [TEAM4Excellence](#), România
- [Voluntariat Pentru Viață](#), România
- [Asociația Deses-3](#), Spania
- [Instytut Badan I Innowacji W Edukacji](#), Polonia
- [Petit Pas](#), Italia

Petit Pas Aps presented the aim and the objectives of the project to increase the visibility of Erasmus+ programme and EU funds received. After the project presentation the event was focused on the Intellectual outputs and project results:

- [Essential needs of educators to support seniors](#)
- [Course modules for educators, facilitators and volunteers](#)

Petit Pas' expert presented the course modules and the ways in which participants could use it by themselves for proper improvement of their organization services provided to seniors.

During the second session of the event Petit Pas organized a group activity to discuss about the most appropriate approach for integrating the courses. Participants were asked to form groups and reflect, evaluate and discuss the possible application of the project results presented in the first session. At the end of the discussion, the outcomes of each group were plenary discussed. Furthermore, it was organized a short practical activity to allow participants to experience firsthand an example of occupational therapy through dancing.

From the feedback collected verbally, in person from the participants, it can be said that the event was successful and has reached its main goal: spread knowledge, disseminate and increase awareness about the project and its results. The participants were enthusiastic to have learned of the project results and some of them underlined its usefulness in supporting the activities with seniors that some of them already carry out regularly.

If you are an educator or volunteer working with older people, stay up to date with future project opportunities on <http://trainingclub.eu/senior/> where we publish the latest updates and details of the project's implementation stages.

The project "[Supporting the needs of older people is our responsibility](#)" has received funding from the European Commission under Grant Agreement number 2020-1-RO01-KA204-080320, ERASMUS+ Strategic Partnerships.
